Immediate Release

Cattle Cost of Production Workshops

Beef producers know that cost control is key to surviving the markets in 2010. The job of finding costs that can be cut can be daunting. How can a producer know whether his costs are higher or lower than the average producer, or how his costs compare to the top 10% of producers? The Western Beef Development Centre, in partnership with AgMpower and Spring Creek Consulting, is pleased to offer a solution - Cost of Production workshops. At these workshops, participants will be given access to powerful cost-accounting software and learn how to input and calculate their own ranch or farm costs, calculate returns, conduct scenario planning (what if I do ...?). The workshops will be held as follows:

- February 22 - Weyburn (Ramada Hotel)
- February 24 - Yorkton (Comfort Inn)
- March 8 - Maple Creek (Jasper Historical Centre)
- March 10 - Moose Jaw (Comfort Inn)
- March 23 - Lloydminster (West Harvest Inn)
- March 25 - Prince Albert (Travelodge Hotel)

Registration is free, but there are a limited number of seats in each workshop. Call WBDC today at 306.682.3139 or toll-free at 1.800.567.7264 to register. More information or registration forms can be found on the Western Beef Development Centre website at www.wbdc.sk.ca.
